## Courses

### Python Programming

### Machine Learning using Python

## Skills

Python	● ● ● ● ●
Machine Learning Algorithms	● ● ● ● ●
Data Structures	● ● ● ● ●
Django	● ● ● ● ●

## Languages

English	● ● ● ● ●
Hindi	● ● ● ● ●
Marathi	● ● ● ● ●

## Education

### Bachelor in Engineering in Information Technology

Alamuri Ratnamala Institute of Engineering and Technology  
Sep 2020 – Jul 2023  
Completed

### Diploma In Information Technology

Thakur Polytechnic, MSBTE  
Aug 2016 – Nov 2019

## Internships

### Machine Learning Engineer

Pianalytix

I acquired practical skills in data preprocessing, feature engineering, model selection, evaluation, and deployment during my machine learning internship. Proficient in popular ML libraries like TensorFlow, PyTorch, and scikit-learn, as well as Python, R, and Java programming languages.

### Cybersecurity

JPMorgan Chase & Co.

In my cybersecurity internship, I gained hands-on experience in network security, vulnerability assessments, penetration testing, incident response, and compliance. Equipped with knowledge of legal requirements and practical skills to excel in the cybersecurity field.

## Projects

### Blockchain-Based Disk Space Rental System

Solidity, JavaScript, Python  
present

The blockchain-based disk space rental system enables users to rent out their unused storage space in exchange for cryptocurrency, utilizing blockchain, smart contracts, and distributed storage for secure and transparent transactions.

### B&W to color Images

Black and White Image to Color using Deep Learning

Expert in deep learning using CNNs and autoencoders to train neural networks on large color and black-and-white image datasets. Skilled in tasks like colorizing black-and-white images, image restoration, and photo colorization using deep learning methods.

## Awards

### Runner up in Smart India Hackathon

### Winner in Coding logics
